New Advertisements. To the Electors of Vancouver Island District.

CENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching election. The measures that a member of the House of Commons may be called an to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtiess expected fast I as a candidate should advert to at least some of them that more directly concern your interests. I will say, them, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be any tarapactest duty in view of making it a

dian naving been one of the earliest advocates of a Canadian Transcontinental Railway. I shall, if elected, consider it to be my paramount thuty in view of making it a grand national success, to insist that the Terminus shall be at Esquimait, and that the line shall traverse the entire South-Eastern Coast of the lisand from Johnson Straits

Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia doesn to be best suited to their varied industrial interests, during the next ten years. Should, however, the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, amuling, and commercial interests of your district.

As the Dominion new possesses exclusively the right

and as I deem it to be of great importance commercial to have the most rapid means of transmitting intel gence between Nanaimo and Victoria, I shall urgo the Federal Government the importance of the early commended. The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more Lighthouses. I shall therefore make the most strengous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once, and to erect others elsewhere, as soon as possible, to insure groater safety and certainty in navigating the Gulf.

With respect to the Indians, I will urgo that they be settled on Reservations, under the superintensies; of Government Agents, where they may, with the assistance of the Government, be taught the arts of civilizance of the Government, be taught the arts of civilizance of the Government, be taught the arts of civilizance of the Government, be taught the arts of civilizance of the Government of the carly construction of a Marine Hospital at Nanaimo, I deem to be described of serious consideration.

Consideration.

The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to insure the geological exploration of the vast mineral wealth of your district shall not escape my attention.

The Fisheries along our coasts premise to become very profitable, and as the Deminlou theorement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

To the Electors of Yale-Lytton and Kootenay District.

And Kootensy District.

GENTLEMEN:—In compliance with the request of a number of the electors of the above district, I have much pleasure in offering myself as a candidate for the honor of representing you in the House of Commons at Ottawa.

Your interests being so closely identified with my own affords you the surcet guarantee that they will at all times receive my best attention and support: but as if is difficult to say at present what matters may come before the House at Ottawa, this session, I shall confine my remarks to a few leading subjects, which I consider most essential to the welfare of this Province, and especially that portion of it which I seek to represent.

I shall endeavor to procure a regular and efficient Mail Service throughout the populous portions of the District.

I shall support any measures brought forward by the Local House for the establishment of a Liberal School System throughout the Province and the appropriation of the accessary funds from the general revenue.

I am an layor of the appointment of County Court Judges in this Province.

I am an an an anter of the Givil List Act in its present form and should it become matter for legislation at Ottawa 1 shall give my support to the Dominion Government so fong as it continues fairly and honorably to carry out the terms of Union, especially with regard to the construction of the Canadian Yacific Railway.

In conclusion I promise that should you do me the honor of entenstiag me with your interests, I shall at all times endeavor to prove myself worthy of your confidence.

I have the honor to be, Gentlemen

I have the honor to be, Gentlemen
your obedient servant

Cowicham, Suit Sering. Nameline and Cowich this Province now schappity forms a past.

In soliciting your support at the forthcoming election it becomes my duty to express my views on Dominional politics, having a direct bearing upon the interests of British Eddinnis. Which I shall do as briefly as possible. I shall be a staunch supporter of the present Government of Canadaso long as that Government shall administer the affairs of this Dominion in research and administer the affairs of this Dominion in research and administer the affairs of the Dominion in research and enterprise in my Overland Journal, published in Outario.

\*\*Rowing the feesibility of the Camedian Pacific Ballroad from personal observation along the greater part of the grobable line of route, and having advocated such an enterprise in my Overland Journal, published in Outario. as well as on this coast for the past tweive years, i shall endeavor, by every means in my power, to bring that grand undertaking to a successful termination at Equimal to some other large on Yancouyer Island.

I may here say that I am not in favor of introducing Coolie labor either on the Ballroad or other public wasts and will stremuously resist any attempt in that direction. Should the Tariff problem not be solved by the Local Legislature but a modification of the Canadian Tariff, in so far as agricultural produce is concerned, recommended, I shall make every possible effort to secure its adoption by the Federal Parliament.

I am fully of the opinion that the Federal Government will place mail communication on a thoroughly efficient footing from Sooke to Comox long before the re-opening of Parliament; should this however, not be the case I shall, if elected your representative, see to it, that every settlement. These will soon locate on unoccupied lands, together with men of small capital an

lar.

I rest my claims upon your support gentlemen, on my long residence in the Eastern Provinces and on this coast; my intimate knowlege from actual travel of the wants of every agricultural and nearly all the mining districts of the province—my times even guipport of Confederation and the Railroad since—153, and my having no special agricultural or mining. I am enabled thus to look upon them all from an independent and impartial stand point, and in advocating their best interest to assist in raising this province of almost illimitable resources to the proud elevation it will soon attain as the Western outlet of the Great Dominion. Great Dominion.

I have the honor to be gentlemen yours very shediently JOHN JUSSOP.

## The Daily Standard. Wednesday, Movember 22, 1871

Omineca Mines We have waited all along for the close of the mislog season in Omineca, to make a final asyming up of the value of our Northern Mines; and the arrival of the Otter vesterday from the mouth of the Skeens, with two or three hundred passengers affords us a favorable opportun ity to do so. Our conclusion is that there is no doubt whatever but the Ominece mines will pay very well in the FOR SALE AT SPROAT & CO'S fature,-provided that there should be improved means of access to the minesand consequently that provisions be in-troduced at a reasonable rate—say for Coal Office, Store Street, instance at Cariboo prices. If that end instance at Cariboo prices. If that end can be attained, hundreds of miners will flow into the Northern Mines next year. It is estimated that two hundred will winter there this season. At least Mossrs. Harper Bros., very shrewd business men, have made that number of men their maximum estimate to snpply with slaughmaximum estimate to snpply with slaugh-tered beef. Now, if two hundred men out of two thousand who visited the mines in search of a rapid fortune, remain, it is a strong proof that the Omineca mines k. Next we find nearly everyone who has returned in possession of more or less gold. Quite a considerable amount of gold has been brought down, some say as high as \$100,000 by the Otter. Others intimate that quite a num-ber of miners have deposited their swags" at the banks. At any rate, one telling feature of the return of the last batch of miners is, that nearly every man out of two hundred and fifty, except about a dezen, had the means to pay his passage to Victoria. People abroad, people ignorant of gold countries, may consider such a fact of no importance; but men with a twenty-year mining experience on the Pacific Coast, know better; and the natural conclusion follows that the Omineca mines are a fixed fact, and will next year, the year after, and for years to come, yield their quota to swell the gold exports of the country. There are men who have been unfortunate in the mines. But there are such everywhere. It is not their fault, perhaps ;-but rather the accident of circumetances that are inscrutable. In miner's language, "they are unlucky."
There are unlucky men, however, in every department of industry,—mining included,—and if they were always taken as the true indication of a business,-there would never be such a thing as a successful branch of industry at all. Yet experience is against every notion of the kind. There are blanks and prizes in every business, and in gold-mining, sometimes, the blanks are in the majority. But in Omineca, it don't appear to be the case. True, there have been no heavy "swags" brought down as there was in the autumn of '61 from Cariboo. Yet a large sum of money is in the hands of the miners who have renumber will go back in the spring That speaks volumes of itself. . It confirms what we have asserted, that easy means of access, and cheap provisions, December, when we will sell a splendid will make the tributaries of Peace river line of Fundy Goods, recently received alive with population for years to come. In fact, the whole stretch of nountry and its tributaries, we expect to see filled with miners. It is impossible to suppose that such a vast tract of country in which virgin silver and copper can be found in every creek and river, accompanied with coarse gold, will ever be deserted till the last ounce of the precious metals shall have been extracted. If we are correctly informed, silver-bearing quarts has been discovered in Ominers quartz has been discovered in Omineca,

## Ireland.

sider the Omineca mines a fixed fact, of

which stage and steamboat lines,— traders and packers,—miners and capi-da talists,—will have to take notice and

govern themselves accordingly.

The report of the President of the Queen's College, Belfast, for the year ending July, 1870, has just been issued. It states that during the last session 253 students were in attendance on the various courses of lectures

An outrage, which has the complexion of an agrarian one, has been perpetrated on a farmer named Swiney, residing near London-derry. Stones were thrown and shots fired

derry. Stones were thrown and shots fired through a window of his house, and a letter posted up threatening him with death if he did not quit his holding.

According to the Limerick Chronicle the sea-serpent has appeared to the bathers at the Irish watering-place of Kilkee. It raised its head out of the water as usual and looked blandly at the ladies, who 'nearly fainted' blandly at the ladies, who 'nearly fainted.'
It was probable a female sea-serpent, as it
were a chignon 'of seaweed-looking hair,
which rose and fell with the motion of the

PUBLIC NOTICE.

benefit to that section and the country of large. We therefore look upon Omineca as a success—with all its faults. Notwithstanding all its failures to make Esquimalt Graving Dock.

Columbia invite tenders to be sent in to the Lands and Works Office, Victoria, up to noon of the 20th day of March, 1872, for the construction of a Graving Dock at Eaquimelt, British Columbia, under the guarantee provided in the twelfth section of the Terms of Union of this Province with the Dominion of Canada, which section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the works at the rate of five per cent per annum on such sums not exceeding \$100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dublin Exhibition Palace is to be conscience, as far as possible on the South Kensington model.

The body of a respectable farmer named Murphy was found recently on the road leading from Kilkenny to Castlecomer. The skull appeared as if it had been broken in with some blunt instrument.

The Dublin Exhibition Palace is to be consequenced in the construction of a first class Graving Dock at Eaquimalt."

The Dublin Exhibition Palace is to be consequenced in the Dublin Exhibition Palace is to be construction of a first class Graving Dock at Eaquimalt."

The Dock is to be of a clear length of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 450 feet, a clear length of 90 feet at length of 90 feet, at ordinary high tide, of not less than 450 feet, a clear length of 90 feet, at ordinary high tide, of not less than 450 feet, at ordinary high tide, of not less than 450 feet, at ordinary high tide, of not less than 450 feet, at ordinary high tide, of not less than 450 feet, at ordinary high tide, of

Dock.

Tenders are to be sealed superscribed "Tenders for Esquimalt Graving Deck," and addressed to the Chief Commissioner of Lands and Works, Victoria. British Columbia, and accompanied by plans and drawings, shewing the exact dimensions of the Dock proposed to be built, the mode of construction and materials to be used therein. herein.

Chairman, Mr. Langley, who stated that the object of the meeting was to ascertain whether it was their opinion that the majority of the voters who supported Mr. McCreight at the last election, wished him to resign his office, and place himself in their hands for meeting briefly stating his reasons against the necessity of Mr. McCreight resigning his

Moved by Mr. R. Plummer, seconded by Mr. Heisterman, and Resolved :- That it is the opinion of this meeting, that the voters who supported Mr. McCreight at the last election, do not wish him to resign his office and place himself in their hunds for re-election, believing that such a step is wholly unnecessary.

Mr. McCreight then addressed the meeting at some length. In the course of his remarks, which were received with applause, he ex-plained very clearly his policy in the forma-tion of the ministry. He said he had thought

long and deliberately over the matter, and had finally come to the conclusion, that out of the material he had for forming a ministry at the time, he could not have made a better selection than the gentlemen he had chosen, more centerally as the members for Cariboo were not yet returned, but said that as soon as the returns from Cariboo were received, he as the returns from Cariboo were received, he would choose a third member out of the num-ber to be one of the Ministry, and that if a factious opposition was made to his (the Car'boo member's) re-election, it might de-lay the meeting of the House for a much long-er time than was at present anticipated as be (Ar. McCreight) could not think of meeting the House with one of its most important members absent.

The following Resolution was then moved by Mr. Roscoe, seconded by Mr. R. Williams, Resolved:—That this meeting has heard there is something left. There is not mu: brospecting in the bed of the creek.

Creight's explanation of the formation of a

OMINECA AND THE NORTH

\$60,000 in Dust Down.

The Otter returned from Fort Simpson and Skeena yesterday, with 230 passengers from the latter place. She left Victoria on the 8th November, and called at the following places on the way up : Nanaimo, Comox, Alert Bay, Fort Rupert, Bella Bella, Port Essington, Woodcock's Landing, Metlakathla, and Fort

Simpson. where 129 passengers were taken on board. an attempt may be made to run an Landing in the evening; received 101 more States Government for relief. They declare

leave for want of accommodation, and about employes of the company holding the lease on deck and bowed repeatedly to the salutes of the river, among whom of the island often beat and violently assail of American officers. Admiral Rowan was immediately for them.

The weather had been very severe at Skee-

na, and as there was a great deal of ice in the who composed Mr. McCreight's Committee river it was feared that unless a change soon three chief coffee growing countries is atand who supported him at the last election set in the men would find great difficulty in for Victoria city, was held yesterday at 3 getting down. Most of them started from the for Victoria city, was held yesterday at 3 getting down. Most of them started from the o'clock p. m., at the office of Messrs. Drake, Forks with but three or four days' provisions, Jackson & Aikman. The following gentle- so a subscription was raised among the store-men who were members of the Committee keepers and miners, and a canoe loaded with FURTHER ABOUT THE BYZANTIUM.

It appears that the Byzantium, after having as was supposed. She floated off on the next tide, when the Indians slipped her cables, took her away out of the sight of passing vessels, and after stripping her of everything valuable, left her, and she had not been seen since.

The Otter was anchored in company with H. M. S. Sparrowhawk in Safety Cove, on the night of the 18th. Saw the schooner Favorite at anchor at Newitti. Very bad weather was experienced all the way down-strong south-east winds with heavy rain and snow. A man named Wm. Henderson, a native of instant

The following were amongst the passengers: Ven. Archdeacon Woods, Mrs. Tomlinson, Mr. and Mrs. Hankin, Messrs. Davis. Armstrong, Brown, Blumm, Williams, Theakstone, Stephens, and 220 others. All but 12 or 15 persons paid their way to Victoria, and it is said about sixty thousand dollars in dust was brought down.

FURTHER FROM THE MINES. The mining season was about closed; all the claims were laid over on the 15th November until June next. There were only about four claims working on Germansen creek making about wages. In spite of the cold

weather, there were a few hardy fellows working on sucface water off. This creek promises well

There were about three companies working in the bed of this stream, making about wages. Mr. Orr's chain, above the Discovcovery claim, there are a number of very course, many an unfortunate miner highs be good claims, which paid very well this a sufferer through the dishonest acts of those senson, and the owners have an idea that referred to.

One company is rupning into the hill with favorable prospects.

SKELETON OULCR. One company was sinking in this gulch, and not got down but found a pro-pect. There was a subscription set on foot by Messrs. Hankin, Brown, and the agent of the H. B. Co., to send some provisions up the Skeens, as it was supposed there were men frozen in who could not get down.

ANOTHER ACCOUNT. Left the creek on the 23d October, the weather was fine. On the way down the Skeena snow lay in some places a foot deep. Came across the Fryingpan trail; it had not yet been cut out, although parties were willing to undertake it for a reasonable consideration viz, privilege of a ferry and I cent per lb. on freight. Was 81 days from the Mouth of Germansen to the Forks of Skeena, and the snow was about two leet deep on each of the

Wright's steamer was laid up at Twomley Lake. Provisions. except flour and tea, were short at Tatla ; the Babine stores were we'l supplied. INDIAN TROUBLE.

At the Forks, the canoes which were left there in the spring were found missing, on the return of the owners from the mines After remaining there 21 days (some being there for two weeks), one party found their cance in the hands of Indians, who wanted to sell it to them again, their excuse being, others of the natives would have stolen it. had they not taken it. The paddles were demanded as a recompense for taking care of the canoe, and the Indians refused to give them up, saying they would see before giv-ing them up, and threatened to shoot any one who would take them from them. owners in the meantime took the cance and started down the river, leaving the paddles behind. As soon as they were well out into the current, some four or five hundred yards

away, a musket ball was fired after them by one of the Indians, and striking the water within a few feet of the canoe. As there were no police or others in authority near at hand, it was deemed useless to attempt the arrest of the siwash, and so the party con-

tinued their course down the river. The mining news is somewhat flattering: few men will winter on Massen and on Ger-

FUTURE PROSPECTS. It is the opinion that the prospects for next and succeeding years are better than they have been this season. Gold can be found in almost any section of the country, but not n large quantities.

Many persons think the season when miners are compelled to be on their claims.

June 1st-is foo early; men cannot either

A large number of persons qualified to vote, but the electors were in the dark as to who the candidates were-and not more than a dozen or two would be lett to vote.

Bill Moore was at the Mouth; his son is bringing down the horses; it was expected they would starve to death before reaching. The barge arrived at the mouth with 60 pasengers, shortly before the Otter left. Mr. Frank Bare, of Wistoria would remain during the winter, and was Government off-

cer and Postmaster. Mr. Earls and wife

(Before A. F. Pemberton Esq TUESDAY, Nov. 21

Hitchars, a Songish Indian, was charged with stealing a quantity of lumber the property of Sam Sea & Co., and was remanded for

absenting themselves without leave. On the application of the Captain they were ordered to go on board of the vessel.

ALASKA. - The lessees of St. George's Island, Alaska, are playing tyrants in relation to the native inhabitants of that place, Left same afternoon and arrived at Woodcock's and the latter have appealed to the United passengers, and left for Victoria at 8 o'clock they are shut out from all intercourse with the same evening, calling at Bella Bella, Fort the rest of the country, and debarred from all the privileges which such intercourse would the privileges which such intercourse would the privileges which such intercourse would give to them; that merchants and traders that the privileges which such intercourse would give to them; that merchants and traders the rest of the country, and debarred from all 21 guns, which was responded to by the Congress, Severn, Iroquois, and James. Each vessel dipped colors as she passed to her anchorage. The Grand Duke appeared was Judge O'Reilly. The Otter will return the Islanders, and play the master and the received with all the honors, on the Etland. tyrant without restraint and without mercy.

crop in Brazil is estimated at 190,000,000 a sea.

The previous year's growth reached 485,000,000 pounds, of which less than 100,000,000 now remains in growers' hands. EASTERN STATES. New York, Nov. 19-The Russian frigate Etland entered our bay at noon yesterday, attended by the revenue cutter Northerner. On approaching the American squadron at the Horse Shoe, she fired a national salute of The frigate met with a severe storm off Hatteras, which lasted until Friday night, Ministers themselves. Coffee. -The failure of the crops in the when an observation showed her thirty mile tracting attention. The yield of the last vessel received no damage, and did not ship

three, promises to show a deficiency of fully the afternoon on board the frigate, as the nople represent the cholera is spreading in 40 per cent. President Grant was officially informed by UNVEILING OF SCHILLER'S STATUS IN BERLING

this morning, which bids fair to last all day. There is a prospect, therefore, that the Grand Duke's reception will be postponed No reception formalities were offered him yesterday; he remained all day on board his vessel. All the fleet, which is yet in New Bay, will come up the harbor, led by the reception steamer Powell. The Russian flag-ships will be flagged by the yachts of the New York Yacht Club, and a U. S. steamer will bring up the rear. All will be decorated been made between James Percy, John with Russian and American flags. When Bright, Henry Kelly, and Robt. Chambers, on the Grand Duke is taken on board the recepthe one part, and James Taylor, Joseph H. tion steamer, the whole fleet, together with Sadler, Robt. Bagnall, and Thomas Winship, all forts in the harbor, will fire salutes. A and bunting will be displayed from the build-

on excellent authority that the rumours that Wm. Woodward, of Napa, who lost deavily on Flaherty in her race against Atchison last week, has bought the mare for to an opposition line being organized to run against the Starr Co., are incorrect; the new Puget Sound Steam Navigation Co., in which the Starr Bros. are connected are about to build another steamer after the model of the North Pacific and Pacifi cultural Association race track common, two has protested against the firman according weeks from to day.

The flag-ship California will sail for the Matlana coast on Wednesday morning. The Pensacola will sail for Honoiniu some time Railway. Five millions of capital stock was

to-day, Weather warm, cloudless, and very foggy, with light south wind. The fog is so thick on the bay that resule are in constand danger of collision.

The Oakland ferry steamer, on her first trip this morning, brought up at Meigs' wharf, having missed the city front totally.

Ban Francisco, Aov. 19—Arrived—Schr Loleia, Scattle; ship Isaac Jenns, Scattle. Sailed—Schrs W. L. Drew and Elida, and

and Nanaimo with a number of passengers, a tickets and aiding and abetting the lottery. It is reported that Ashbury will be a can-fair freight and 2 horses. Among the pas-sengers we observed Mrs. R. Woods, Mr. and took the matter under consideration. The opinion o many lawyers is that the demurrer in several of the cases at least, will be ssus-tained. It is understood that parties in the interior counties who are being harassed by these indictments are preparing to procure indictments against newspapers in San Francisco who have advertized the lotteries and

one case is on the calendar—a Chinaman for the indictments are found.

It is stated that Mrs. Hawer, previous'y A SAPE RETURN !- Most of the Victorians destitute had a notice of i omestead claim upon the Mount Eden estate in San Mateo coun ty, without his knowledge, which itself would naterially interfere with carrying out the The sale of seats for the coming Kellogg

Opera season commenced to-day, and nearly 100 were sold at \$50 each; all but two of the boxes at \$300 and \$400 each. The deaths in the city last week were 50;

still births 5. The running race for \$10,000 a side, be-Wells, Fargo & Co., \$20,389 18; Bank of tween Nell Flaherty and Atchison, at mile British Columbia, \$48,090 33; Total \$68,- heats, 3 in 5, over the Bay District Course was witnessed by a large number of persons, and gave general satisfaction to everybody. VICTORIA'S CONTRIBUTION .- The American The weather was fine, though cold; and the Netl the third, in 1 391; Atchison the fourth, present, that had Atchison been pressed, he would have won the third heat. Nell failed fast towards the end and Atchison on the two concluding heats had it all her own way. Eoff and Woodward are reported to have lost thousands of dollars between them, and many other old horsemen lost heavily. Had the track been dryer and the weather warmer time would have been four or five seconds less every heat. As it was, it was one of the

> A blast was let off in the cut on Townsend street, between 2d and 3d, yesterday, and scattered rocks which weighed hundreds of pounds each, in every direction, doing heavy damage; one rock went through the gas-om ter of the San Francisco Gas Co., letting all the gas escape. Another went through the roof of the C P.B.R.Co.'s warehouse; luckily no one was killed.

.obosdo: VIENNA, Vov. 10-The Emperor has addressed a highly complimentary letter to Count Von Beust, thanking him warmly for his services and appointing him a life member of the upper champer of the Reichstathe CHOLERA SHIP IN QUARANTINE.

NEW YORK, November 13—It is officially announced that the German steamer Franklin at quarantine, has forty cases of cholers on board. There were 28 deaths on the voyage. Nearly everybody aboard is more or less affected; most of the cases are serious. Further deaths are probable. A light quarantine will be enforced, and every effort made to alleviate the sufferers, but care must be taken to prevent the spread of the contagion The following is the correct account of the cholera ship at quarantine: The steamship Franklin, of the New Baltic Lloyds Line, arrived on Saturday night with a number of cases on board of cholera. She sailed from Stettin October 10th, touching at Copenhagen on the 12th and later at Christiansand. A the latter port she received 22 cabin and 611 steerage passengers and a crew of 57 men. Ten days out the first case of cholera made its appearance among the steerage passengers, and when the steamer put into Halifax to obtain coal, she had nearly one hundred cases of cholera and choleric diarrhæa, of which forty have proved fatal since leaving Halifax. One death has occured since, and to day twelve patients suffering from cholera were sent to the West Bank Hospital. The healthy passengers were transferred to the United States steamer Deleware, lately fitted up as a receiving ship by the Quarantine authorities. The Franklin, after the transfer of passengers, was ordered to the lower Quarantine, where she will be thoroughly isinfected and detained until it is thought

safe to allow her up to the city. Fourteen additional cholera patients, from the steamer Franklin, have been admitted into the West Bank Hospital.

Grinding Wheat Without Mill-

At a recent meeting of the British Association for the Advancement of Science at Edingburgh, a paper descriptive of a new 1 saind dish, 1 soup by the accident on the North Missouri Railroad, near Wellsville, Friday last, has been
finally received here. It contains 52 names
only 11 were seriously injured.

London, Nov. 13.—A fearful explosion of
gas occurred to-day at Leeds. One or two
finally received here in the contains of the Advancement of Science at
Edingburgh, a paper descriptive of a new
mill for grinding wheat without millstones
was read. According to the description this
mill reduces the wheat by percussion, while
it is unsupported and failing freely, or being
projected through the air. The wheat, in
passing through the machine, is struck by
injured.
